CRACKED WHITE OAK

9782

plank size: 184.2 x 1219.2mm

This unique, aged oak plank design is versatile and functional, ideal for creating a rustic ambiance with authentic warmth and comfort. Warm peach undertones offset the cracked surface design and texture for a charismatic, distressed appearance.

CRACKED WHITE OAK

OYSTER BIRCH

OYSTER BIRCH

9739

plank size: 184.2 x 1219.2mm

The lighter grey palette of Oyster Birch is a perfect backdrop for a cleaner, minimalistic look. The subdued tonal strains and uniform colour variation of each plank make for a truly unique, distinguished overall flair that creates an open and airy feel.

PLANED WHITE OAK

9783

plank size: **184.2 x 1219.2mm**

White woods have continued to grow in popularity, becoming a feature within many residential interiors. They can become the perfect canvas to bring a neutral scheme together, complementing a variety of décors with a clean and modern finish.

PLANED WHITE OAK

CHAMPAGNE OAK

CHAMPAGNE OAK

9785

plank size: 184.2 x 1219.2mm

Natural oak planks remain a popular choice for interiors across the world thanks to their neutral yet timeless beauty. Champagne Oak is ideal for creating an inviting space where first impressions count.

FRENCH LIMED OAK

9784

plank size: **184.2 x 1219.2mm**

The smooth finish, fluid grain and delicate beige tones you'll find in French Limed Oak are effortlessly elegant. A fantastic addition to the collection, this floorcovering is engaging without being imposing.

FRENCH LIMED OAK

LONG BEACH OAK

LONG BEACH OAK

9799

plank size: 184.2 x 1219.2mm

Long Beach Oak provides neutrality, luxury and sophistication by mixing traditional style with modernity. Incorporating the natural earthy tones of a classic oak, Long Beach Oak thrives off natural light and accentuating muted colours.

HARVEST OAK

9787

plank size: 184.2 x 1219.2mm

A traditional wood with striking and realistic tones. Harvest Oak is versatile for use in both modern and traditional interiors, with its classic appearance and timeless longevity.

HARVEST OAK

SEASONED GREY OAK

SEASONED GREY OAK

9795

plank size: 184.2 x 1219.2mm

The versatile base colours of Seasoned Grey Oak can be paired with other aged, reclaimed materials for a time-honoured look.

DAPPLED OAK

9786

plank size: **184.2 x 1219.2mm**

Encompassing tan and honey tones in a smooth, oak plank pattern, Dappled Oak will enhance any room of your home. With realistic knot and grain detail, the warmth of this plank will create the perfect homely interior.

DAPPLED OAK

SAW MILL OAK

SAW MILL OAK

9788

plank size: 184.2 x 1219.2mm

With its lively character and authentic surface texture, Saw Mill Oak is a striking choice for complementary interiors seeking a neutral, reclaimed look.

GREY PORT OAK

9797

plank size: 184.2 x 1219.2mm

Grey hues offer a more contemporary look and feel to your home. Grey Port Oak's colour palette combines grey with hints of beige to create a tastefully cool and calming space.

GREY PORT OAK

HAZEL OAK

HAZEL OAK

9790

plank size: **184.2 x 1219.2mm**

The earthy, auburn grain tones in Hazel Oak create a welcoming effect, making it a great choice for any interior that requires a comforting familiarity.

TAMARIN OAK

9738

plank size: **184.2 x 1219.2mm**

Tamarin Oak strives for a timeless, sophisticated look with numerous rewarding décor possibilities. The elegant contrast of its grain and subtle wood knots add to the overall authenticity of the planks.

A great choice for light interiors.

TAMARIN OAK

FLAMED CHESTNUT

FLAMED CHESTNUT

9792

plank size: **184.2 x 1219.2mm**

Though bold in design with dominant knots, the inclusion of soft yellows, oranges and pale taupe shades within each Flamed Chestnut plank creates a comforting look that works beautifully laid in any home.

HUCKLEBERRY OAK

9793

plank size: 184.2 x 1219.2mm

The intense grain detailing and surface texture of Huckleberry Oak coupled with rich hues, come together to create a look that evokes emotion and captures the natural unpredictability of wood planks.

HUCKLEBERRY OAK

WINSLOW OAK

WINSLOW OAK

9798

plank size: 184.2 x 1219.2mm

The darker tonality of Winslow Oak adds comforting, visual warmth suitable for an assortment of interior styles. While being able to offer a cosy and nostalgic feel, the rustic finish of this plank would equally suit contemporary living and country style.

COLLECTION OVERVIEW

Beautifully engineered to authentically replicate the appearance of natural wood planks, the designs within the Affinity collection may contain knots and markings typical of natural timber. Although we endeavour to ensure the colours depicted within this brochure represent the true colour of each product, we recommend you view an actual sample prior to selection.

R10 All designs achieve R10, which is an ex-factory measure of slip resistance

FLOORCARE

We want your Affinity floor to look its best for many years to come and to help with this we have laid out the following floorcare guidelines. Affinity does not harbour dust mites or bacteria, making it ideal for the home environment.

Initial Cleaning after installation

- Avoid walking on the floor for at least 24 hours following completion of installation.
- Sweep or vacuum to prevent loose dirt from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

Day to Day Cleaning

Regularly sweep or vacuum your floor to remove loose dirt, grit or dust. It's important to use clean mops and neutral cleaning solutions when regularly cleaning your floor. Always dilute the floor cleanser to the manufacturer's instructions. Please ensure you mop your floor evenly and collect any excess liquid in a mop bucket.

Do:

- Install barrier mats at entrances to pick up grit and moisture.
(Please note, some rubber-backed mats may discolour the floor).
- Ensure your furniture is fitted with protective pads, where necessary, to prevent scratches.
- Use protective cups under heavy furniture to prevent indentation.
- Remove spillages as quickly as possible to reduce the risk of staining and causing slip hazards.
- Always use clean equipment when maintaining your floor.
- Regularly trim pets claws as these can cause fine scratches.

Don't:

- Use abrasive liquids or metal scouring pads as these can damage the floor.
- Clean the floor with solvents, caustic detergents washing up liquids, soap powders, bleach, furniture polishes, petroleum-based products, pine gels, stain removers or highly coloured products.
Such products may make the floor slippery or cause permanent damage.
- Drag furniture with unprotected feet across the floor.

Regular cleaning is more beneficial to the floor covering and is more cost-effective than occasional heavy cleaning.

We highly recommend using the PUREFLOR cleaning system to maintain your Affinity floor.

pureflor™

for a better environment

PUREFLOR sets a new benchmark for Hard and Soft Surface Cleaning performance.

Containing only natural ingredients in a concentrated formulation, the PUREFLOR range is pH Neutral, non-toxic and removes the toughest stains by destroying organic stains, soils and odours at source.

HERE TO HELP

Environment

As a leading global manufacturer of high-quality, high-performance floor coverings, Polyflor has demonstrated a high level of commitment to minimising the impact our products have on the environment and endeavour to meet these requirements with a focus on sustainability and a healthy indoor climate.

Affinity has the prescribed CE mark, as a European declaration of performance and is regularly tested to ensure the exceptional standards are continually met by external third parties including Eurofins, one of Europe's leading service providers in the field of analysis. Through these annual external inspections, Eurofins have awarded Affinity the Indoor Air Comfort Gold rating. This certificate is awarded to products with VOC emissions below any globally determined VOC limits. Affinity is 100% recyclable and contains on average 20% recycled material, which is integrated into new flooring production insofar as possible.

Order Samples

Polyflor provides a complimentary product sample service. Sample your choice of flooring before making your final selection and ensure you find the exact floor covering you desire. To order samples, please visit polyflor.com.au, call our customer service department or speak with your local Polyflor representative.

Customer Guarantee

All products purchased from the range are guaranteed for 15 years Residential against normal wear and tear in the recommended environment, provided they have been fitted correctly and maintained in accordance with the manufacturer's instructions. In order to make a claim, customers must apply in writing indicating where their flooring was purchased and provide satisfactory proof of purchase. This guarantee only applies in the event of the visible wearing out of the decorative pattern on the surface within the 15 years Residential guarantee period from the time of purchase and providing the flooring has been subject to normal usage in the recommended environment. It does not cover general misuse and we suggest that adequate UV protection be taken against products being installed in direct sunlight as fading may occur. It is the manufacturer's recommendation that felt or Teflon pads are used for protection under chairs and other furniture which will help to prevent scratching and marring of your floor's finish. When moving any heavy objects please place a plywood panel over your vinyl floor. In the event of the manufacturers of Affinity accepting that a claim is valid under this guarantee, they will either repair the flooring or supply replacement flooring free of charge. In the unlikely event of the flooring no longer being in stock, flooring of equivalent quality will be provided.
