

LUXURY VINYL TILE FLOORCARE

We want your new LVT floor to become a design and functional feature for many years to come, to help you achieve this we have laid out the following floorcare guidelines. Each product in our LVT collections feature a polyurethane reinforcement (PUR) within a hard-wearing surface, providing protection against everyday wear, ensuring optimum long-term performance of your floor. Furthermore, our LVT collections do not harbour dust mites or bacteria, making them ideal for the home environment.

Initial cleaning after Installation:

- Avoid walking on the floor for at least 24 hours following completion of installation.
- Sweep or vacuum to prevent loose dirt or grit from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

Day to Day Cleaning

Regularly sweep or vacuum your floor to remove loose dirt, grit or dust. It's important to use clean mops and neutral cleaning solutions when regularly cleaning your floor. Always dilute the floor cleanser to the manufacturer's instructions. Please ensure you mop your floor evenly and collect any excess liquid in a mop bucket.

Do:

- Install barrier mats at entrances to pick up grit and moisture. (Please note, some rubber-backed mats may discolour the floor).
- Ensure your furniture is fitted with protective pads, where necessary, to prevent scratches.
- Use protective cups under heavy furniture to prevent indentation.
- Remove spillages as quickly as possible to reduce the risk of staining and causing slip hazards.
- Always use clean equipment when maintaining your floor.
- Regularly trim pets claws as these can cause fine scratches.

Don't:

- Use abrasive liquids or metal scouring pads as these can damage the floor.
- Clean the floor with solvents, caustic detergents washing up liquids, soap powders, bleach, furniture polishes, petroleum-based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.
- Drag furniture with unprotected feet across the floor.

Regular cleaning is more beneficial to the floor covering and is more cost-effective than occasional heavy cleaning.

We highly recommend using the PUREFLOR cleaning system to maintain your floor.

Resistant to everyday dirt and soil

Resistant to accidental splashes and temporary surface water

Dirty footprints are not a problem and can be easily wiped away

Everyday dirt and crumbs can be simply swept away

SHEET VINYL FLOORCARE

So you can continue to enjoy your sheet vinyl floor covering for years to come, a regular cleaning regime is required to help keep it looking as new. Regular cleaning is more beneficial to the floor covering and more cost effective than occasional heavy cleaning.

Day to Day Cleaning:

- Sweep or vacuum your floor to remove any dust and loose dirt.
- Mop with a neutral cleanser to remove any stubborn marks.

Protection for everyday wear:

Our sheet vinyl products have a polyurethane surface treatment or reinforcement to protect against everyday wear, however to minimise the chances of your flooring becoming damaged we do recommend the following floorcare guidelines:

- Install barrier mats at all entrances to pick up grit and moisture (Note, some rubber-backed mats may discolour the floor.)
- Ensure all cleaners and detergents are diluted as per the manufacturer's instructions. Contact Polyflor for details of approved maintenance products.

- Fit protective pads to all furniture legs to prevent scratches when moved across the floor.

- Use protective cups under heavy furniture to prevent indentation.
- Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.
- Regularly trim pets claws as these can cause fine scratches.

pureflor™

for a better environment

PUREFLOR sets a new benchmark for Hard and Soft Surface Cleaning performance.

Containing only natural ingredients in a concentrated formulation, the PUREFLOR range is pH neutral, non-toxic and removes the toughest stains by destroying organic stains, soils and odours at source.

Why Pureflor:

- Products do not contain any soap, avoiding build-up over time
- Formulated with plant based enzymes that will not upset the natural bacteria
- Enzymes accelerate the destruction of organic material
- pH neutral - won't damage surfaces
- Powerful and Eco-Positive
- 100% biodegradable
- No chemical agents
- No phosphates

HARD SURFACE CLEANER

PUREFLOR is a floor cleaner for hard surfaces around the home and office.

- Contains a soap free, multi enzyme formula designed to destroy and break down grease, oil and food waste
- Eliminates odours by destroying the organic matter
- pH neutral, non-corrosive and safe for all surfaces not harmed by water
- Designed to discharge down drains, where the enzyme formula will continue to attack the grease and food waste. Septic safe

Suitable for use on: vinyl flooring, tiles, wooden floors, concrete

SOFT SURFACE CLEANER

PUREFLOR Soft Surface Cleaner is an all-natural, multi-enzyme formula designed to attack and loosen tough stains and dirt on carpet and upholstery.

- Works to destroy all organic matter, not just lift the top layer of soil and dirt
- Rapid penetrating action which gets deep down into the fibres of the carpet to loosen the debris
- Eliminates odours in the carpet by getting to the source
- Allows odour and stain removal without damaging fibres
- Removes a wide range of difficult organic stains, including blood, pet, urine etc

Suitable for use on: carpet, rugs, upholstery, curtains.
